ANTONIA VALDIVIESO RODRIGUEZ

Computer Engineer | Web Developer

OBJECTIVE

Web developer with Frontend focus and Fullstack experience. Proactive, decisive and with high capacity for learning assisted by artificial intelligence tools.
I am looking for a remote job, which allows me to validate my professional/personal life.

MAIN STACK

- **Frontend:** Angular 18, TailwindCSS, HTML5, SCSS.
- **Design and styling:** UI/UX with Figma.
- **Backend:** Node.js, Typescript, DynamoDB.
- **Cloud & DevOps:** AWS (Lambda, API Gateway, S3, SQS, Secrets Manager), Serverless Framework.
- **Authentication:** Auth0, JWT.
- **Infrastructure:** Git, GitHub Actions, basic CI/CD.

OTHER TECHNOLOGIES WITH GOOD DOMAIN:
- Astro
- ExpressJS, MongoDB
- Advanced handling of prompts with artificial intelligence (ChatGPT, Gemini)
- Trello

COMPETENCES

- Frontend strength and expertise
- Translate visual designs to code
- Fast learner
- High adaptability
- Flexibility
- Good spelling
- Meticulous and detail-oriented
- High autonomy and proactivity supported by AI tools

OTHER THINGS ABOUT ME

I like to surround myself with subjects that interest me and that are different from each other, such as science, music, cinema and design. I like nature and to know places that are surrounded by it. I am a mom of a baby of almost a year old, with whom I love to walk and share my time.

CAREER HISTORY

- **FullStack Web Developer Semi Sr.**

Xtension Opticals SPA | 2022 - 2025
